## All over again

I was walking out when he was walking in  
I was stepping back and we were falling in love all over again

I was turning him down while he was filling me in  
we were dancing along and I was burning of sin  
and we were falling in love all over again

I won't steal any motion  
I'm a woman of devotion  
come on and touch me  
I'm your jester not your lover  
take me down roll me over  
come on and hold me

I was walking out when he was walking in  
I was stepping back and we were falling in love all over again  
mmm love all over again

I was turning him down while he was driving me in  
I was holding you back but I kept coming again  
and we were falling in love all over again

I won't steal any motion  
I'm a woman of devotion  
come on and touch me  
I'm your jester not your lover  
take me down roll me over  
come on and hold me

I was walking out when he was walking in  
I was stepping back and we were falling in love all over again  
mmm love all over again

I was walking out when he was walking in  
I was stepping back and we were falling in love all over again  
mmm love all over again  
It feels like I'm falling in love all over again  
It feels like I'm falling in love all over again.
