## Give It Back

You take that back if you want to be my brother  
You take that back if you want to be my sister  
You take that back back to the giver  
back to the giver and give it back  
back to the giver and give it back

You take that back if you want to be my lover  
You take that back you know I got your number  
You take that back back to the giver  
back to the giver and give it back  
back to the giver and give it back

You call me on the phone I'm driving in my car  
these poets haven't found who the hell they are I don't really care  
you hurt inside I know and you and you alone can change this  
this anger that you bring will never lay with me so change this  
back to the giver and give it back  
back to the giver and give it back

You take that back if you want to be my brother  
You take that back if you want to be my sister  
You take that back back to the giver  
back to the giver and give it back  
back to the giver and give it back

Have you lost your way can't find who you are  
remember I'm your friend your brother 'til the end I'll help you if I can  
you hurt inside I know and you and you alone can change this  
this anger that you bring will never lay with me so change this  
back to the giver and give it back  
back to the giver and give it back

Back to the giver and give it back  
back to the giver and give it back  
you take that back if you want to be my brother  
you take that back if you want to be my sister  
you take that back back to the giver  
back to the giver and give it back  
back to the giver and give it back  
you that that back.
