words and music   Go Back (do it all over again)
   by
  Joel Justin

I've been wishing I've been hoping
I've been dreaming my whole life away
I've been standing on this edge
trying to find me a way
to go back and do it all over again

I've been climbing I've been falling
I've been looking for something to say
I've been standing on this ledge
trying to find me a way
to go back do it all over again
am I out of time
am I out of time

look back remember we never surrender we go down we get up
we make the best of what we've got
no one's gonna tell you when it's over
no one's gonna tell you the road will lead to what you want

still I'm wishing I'm hoping
I'm dreaming my whole life away
I'm standing on this edge
trying to find me a way
to go back do it all over again
go back do it all over again
go back do it all over again
am I out of time
am I out of time

still I'm wishing I'm hoping
I'm dreaming my whole life away
I'm standing on this ledge
trying to find me a way
to go back do it all over again
go back do it all over again
go back do it all over again.
