Now's the time (to change the world)

Now's the time to change the world  
now's the time to change the world  
time slips by oh so blind  
my oh my now's the time

now's the time to change the world  
now's the time to change the world  
hand me down cross the line  
hands unbound now's the time

time it's your time and time's on your side  
life it's your life and I'll be your guide  
doubt you've got doubt you've got too much pride  
time it's your time and time's on your side

now's the time to change the world  
now's the time to change the world  
time slips by oh so blind  
my oh my now's the time

time it's your time and time's on your side  
life it's your life and I'll be your guide  
doubt you've got doubt you've got too much pride  
time it's your time and time's on your side

now's the time to change the world  
now's the time to change the world  
change the world  
change the world

time it's your time and time's on your side  
life it's your life and I'll be your guide  
doubt you've got doubt you've got too much pride  
time it's your time and time's on your side  
change the world  
change the world.
