

My Stuff

words and music
by
Joel Justin

I got stuff
I got lots and lots of nice stuff
but nobody wants to play with me
I got toys
I got lots and lots of new toys
but nobody wants to play with them
nobody wants to play with them
nobody wants to play with me or my stuff

You got tears
you got lots and lots of big tears
that nobody wants to wipe away
you got lost
you got really really lost along the way
but nobody ever thought to say
nobody ever thought to say
nobody ever thought to say are you lost

I'm alone and you're alone let's go
somewhere fun beneath the sun let's go let's go

We got stuff
we got lots and lots of great stuff
but nobody wants to play with us
we got toys
we got lots and lots of swell toys
but nobody wants to play with them
nobody wants to play with them
nobody want to play with us or our stuff

I'm alone and your alone let's go
somewhere fun beneath the sun let's go let's go

I got stuff
I got lots and lots of nice stuff
but nobody wants to play with us
I got toys
I got lots and lots of sweet toys
so don't ever try to take away
no don't every try to take away
don't ever try to take away my stuff
my stuff
my stuff.
