Right then, Penny I loved you

You were the greatest thing to happen to me
the way you looked my way then smiled at me
right then I knew that this was meant to be
then Penny I loved you
yeah Penny I loved you
yeah then Penny I loved you
right then-Penny I loved you

The way you never seemed to want to agree
with your hands around my neck choking me
right then I knew that this was meant to be
then Penny I loved you
yeah Penny I loved you
yeah then Penny I loved you
right then-Penny I loved you

It's like I'm floating just ten feet off the ground
that kind of feeling that there's no one else around
except my Penny (Penny)
A good time feeling and there's no coming down
no rhyme or reason but I'm glad to be found
with my Penny (Penny)

You are the greatest thing to happen to me
you showed me just how good my life could be
right then I knew that you were meant for me
then Penny I loved you
yeah Penny I loved you
yeah then Penny I loved you
right then-Penny I loved you.
